WELCOME — HANDS-ON LAB

WHY ARE WE HERE?

To learn about Snowflake with a hands-on approach.

THE LAB ENVIRONMENT

A complete lab environment has been built for you automatically. This includes:

- **Snowflake Account**: `sfsehol-data_in_the_d_hackathon_october_ipgmkd`
- **User**: `USER`
- **Snowflake Virtual Warehouse**: `DEFAULT_WH`
- **Snowflake Database**: `DATAOPS_EVENT_PROD`
- **Schema**: `DEFAULT_SCHEMA`

> ⚠ **This lab environment will disappear!**
>
> This event is due to end at `2026-11-14 05:00:00+00:00`, at which point access will be restricted and accounts will be removed.

STRUCTURE OF THE SESSION

This walkthrough contains everything you need. We will also demonstrate a number of the key steps live.

GETTING STARTED

1. Logging in and ready to build
2. Hackathon datasets
